

Instant Ocean Sea Salt

**Soft corals
Fish only**

PARAMETERS

DOSE

38g/l H₂O

SALINITY

33ppt

CALCIUM

380 - 400mg/l

MAGNESIUM

1180 - 1220mg/l

KH

8,5 - 9,5 °dKH

Instant Ocean is the world's most carefully formulated and manufactured sea salt. An extensive biological and scientific testing program has allowed us to develop and refine a product that fully meets the needs of captive marine organisms. Every ingredient used in Instant Ocean is carefully selected and tested.

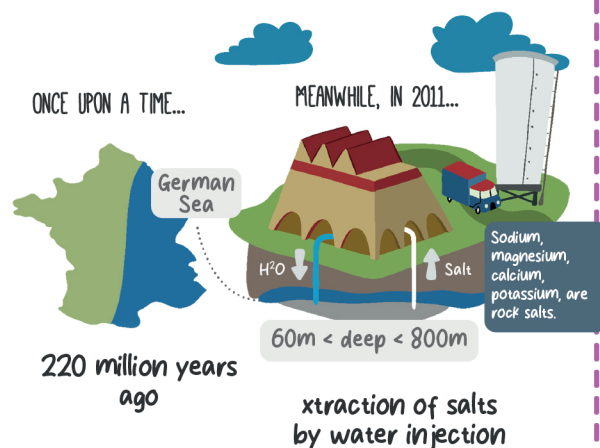

Calcium	380 - 400mg/L
Magnesium	1180 - 1220mg/L
Potassium	359mg/L
KH	8,5 - 9,5d°KH
Hydrogen carbonates	222mg/L
Strontium	7190µg/L
pH	8,4
Zinc	<0,2mg/L
Salinity	32,3%
Bromides	76mg/L
Fluorides	< 5mg/L
Iodides	< 10mg/L
Chlorides	18300mg/L
Sodium	9850mg/L
Sulfates	1498mg(SO ₄)/l
Antimony	< 4µg/L
Boron	5800µg/L
Barium	369µg/L
Cobalt	< 4µg/L
Lithium	23µg/L
Molybdenum	<4µg/L
Selenium	< 4µg/L
Vanadium	< 4µg/L

Aquarium Systems France

The preferred choice of aquarists
for over 60 years

HOW DOES IT WORK?

1 Focus on a short circuit

2 An HQE factory

MADE FROM LOW-IMPACT MATERIALS

ENERGY MANAGEMENT

WATER RECYCLING

3 Quality packaging

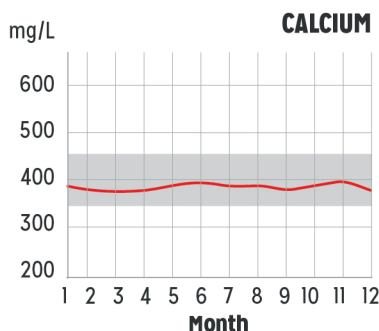

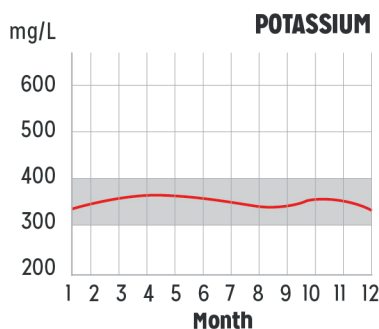

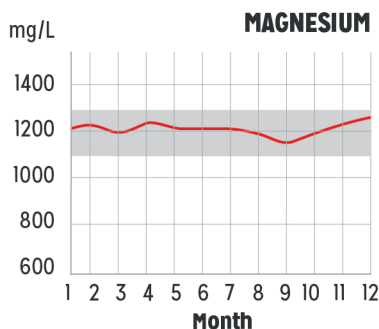

NEW DESIGN

RECYCLED AND RECYCLABLE

SING QR CODE

4 Resultats

1. Natural sea water range.
 2. Composition of Instant Ocean (at a specific gravity of 1.024) over one year of manufacturing.
1. Composition de l'eau de mer naturelle.
 2. Evolution des paramètres de Instant Ocean (densité 1.024) au cours des fabrications d'une année.

BENEFITS

Instant Ocean Salt is formulated to mimic natural seawater conditions. It provides a full range of minerals and trace elements essential for the health of fish, corals, and other marine organisms.

Provides a clear solution in minutes.
Allows immediate use.
Quickly reaches and maintains the proper pH.

This salt is designed to be simple to mix and use, providing a convenient method for maintaining a stable environment in the aquarium.

Salt helps achieve a stable salinity level, which is essential for maintaining a healthy environment for marine wildlife.

Ensures consistency throughout the process.

Easy to use.
Each batch is analyzed to ensure the presence of essential elements.
A solution for every need.
Eco-friendly packaging made from recycled and recyclable materials.
